Public Comments: Jim Wing provided comments to item #3 – suggested the importance to have Pedestrian Master Plan and asked to consider different approaches for available budget.

Discussion:

1. Minutes for September 15, 2010: M/S/C Carl/R Rhody and approved 5– 0.
2. BTP Update: Received a report from Kathy Small on plans for the public meeting on 10/21 and schedule for BTP work going forward.
3. Pedestrian Master Plan. Bill & Suzanne reported on (generally positive) feedback from the Traffic Commission. Specifics were to add slides addressing complete streets and specifics of what we are asking for. TC has a study session with council on Jan. 11 to discuss PMP and “complete streets”. Several suggestions were given to Suzanne for “tweaking” her presentation such as to avoid the term “sidewalks.”
4. Stevens Creek Trail: No activity in the last month.
5. BPAC Member Recruitment update: No applications have been received. Council advises that we select a good candidate and not just a warm body.
6. Loyola Corners Update: Received a report from Bill Crook on the joint review of the Loyola Corners streetscape plan.
7. Bike Friendly Application Review & Update: Received a report from Bill Crook and copies of the draft application. Goal is to get it through the TC in Dec. and Council before the February submission deadline
8. Traffic Commission Update: Received report from Bill Crook.
9. VTA BPAC Update: Received report from Carl Hagenmaier.
10. CIP Update: Received report from Kathy.
