As a long-time resident and active community member, I am committed to building on our city's prosperity while preserving its unique charm. My goal is to foster an inclusive, vibrant community where everyone feels that they belong. I will prioritize affordable housing, so essential workers like teachers and first responders can live near where they work, and maintain our high standards for public services.

I've had the privilege of serving as Chair of the Los Altos Historical Commission and President of the Los Altos History Museum. These roles emphasized the importance of preserving our heritage, while my career in technology highlighted the importance of continuous innovation. Addressing climate change and improving mobile infrastructure are particular areas of focus.

Together, we can make Los Altos an even better place to live with our families, friends, and neighbors. Join me in shaping our next chapter. I respectfully ask for your vote for the opportunity to serve Los Altos as a member of the city council.
