

Eric Steinle, Chair of Los Altos Planning Commission
2024 Candidate Statement
Office sought: Member, Los Altos City Council

A second-generation Berkeleyan who moved to Los Altos in 2009, president of my HOA since 2010, and trained as a lawyer, I informally advised and advocated for resident groups on development projects, parking issues, and zoning.

I was honored to serve on the Library Commission in 2019 and was appointed to the Planning Commission in 2020, which I currently serve as Chair.

After working on the updated Housing Element and objective development standards for single- and multi-family housing, and reviewing all development projects since 2018, I have the expertise and experience to negotiate the turbulent conditions of housing and land use policy in California. Having fully prepared for and attended every meeting of the City Council since 2018, I am the candidate best prepared to get the job done.

I support necessary redevelopment of city facilities, especially the library. I support expanding our tax base through development of commercial property. I support policies that protect the city and its values. Those are my priorities.
