INFORMATIONAL ITEMS

2. Climate Action and Adaptation Plan Draft
Received a presentation from EcoShift, the consultant, on the draft Climate Action and Adaptation Plan. Commissioners provided feedback and suggestions on the draft plan.
Public Comment:
Connie Miller mentioned that Los Altos has high EV adoption rates and incentives is one of the reasons for that and will be key to many actions in the plan. She also commented that further quantification of the savings is needed and metrics that can be easily tracked and that the public can understand.
Gary Hedden was glad to see the specific action items, timelines and cost estimates and would like to see the GHG emission reductions for each action. He mentioned that prioritization, tracking, and measuring will be important to the success and inquired about the carbon neutrality target, remaining emissions, and carbon offsets.
3. Environmental Commission Work Plan

Discussed Commissioner updates on the work plan items.

4. City Staff Updates

Received information and announcements from City staff.
