AGENDA ITEM # 4

**TO:** Library Commission

**FROM:** Jaime Chew, Staff Liaison

**SUBJECT:** Library Pathways Review and Discussion

---

### **BACKGROUND**

Previously, the City's Parks Division completed some work on pathways that lead from the Main Library parking to the Library. These paths have been improved by cutting back roots and adding decomposed granite in order to make a more level pathway. There are additional "natural, man-made" pathways that could potentially be improved as well – allowing for safer travel to and from the library parking lot.

At the September meeting, the Library Commission agreed to agendaize this item for further review and discussion.

### **DISCUSSION**

The Library Commission will review additional pathways and make recommendations.
