WHEREAS, Program 3.D of the Housing Element calls for the City of Los Altos to Evaluate and Adjust Impact Fees; and

WHEREAS, the City of Los Altos has existing Development Impact Fees; and

WHEREAS, new development projects attract new residents and employees to the City, generating an increased demand for park, transportation, public safety and general government facilities; and

WHEREAS, the Nexus Study substantiates a methodology that will charge each new development project only for the costs necessary to mitigate the impacts expected to be caused by that development project; and

WHEREAS, there is a reasonable relationship between the Development Impact Fees and the development projects on which the Fees will be imposed because the Fees will only fund costs necessitated by each new development; and

WHEREAS, the Development Impact Fees will not exceed the estimated reasonable cost of providing the land and facilities for which the Fees are imposed; and

WHEREAS, the Development Impact Fees will not be levied, collected, or imposed for general revenue purposes, but are levied specifically to fund facilities of the types set forth in the Nexus Study; and

WHEREAS, the Nexus Study establishes proposed amounts and provides an evaluation of the need for new Development Impact Fees and establishes the nexus between the imposition of the new Fees and the estimated reasonable costs of providing the services for which the Fees are charged; and

WHEREAS, the Nexus Study identifies the City's existing level of parks, transportation, public safety and general government services, identifies the level of service, and includes an explanation of why the level of service is appropriate; and

WHEREAS, the Nexus Study includes information that supports the City's actions, as required by Government Code Section 66001(a); and

WHEREAS, the Nexus Study calculates the maximum justifiable Development Impact Fees that can be charged on new development, and therefore, the City Council may adopt reduced Development Impact Fees below the maximum justifiable amount identified within the Nexus Study if doing so effectuates a policy of the City; and

WHEREAS, pursuant Assembly Bill 602 (AB 602) the Nexus Study, notice of the time and place of the meeting, including general explanation of the matters to be considered and a statement that required data is available for public inspection was published in a newspaper of general circulation at least thirty (30) days prior to consideration of the adoption of the final Nexus Study at a Public Hearing of the Los Altos City Council; and
