#### **YOUTH COMMISSION'S SKATE PARK RECOMMENDATIONS**

Mr. Ryan Stanley, Youth Commission Chair, presented the Youth Commission's recommendations regarding the further study of a skate park in Los Altos. The Youth Commission completed its survey of junior high school students and conducted several public meetings to gather information for its recommendation.

The PARC was supportive of the Youth Commission's efforts and discussed items that the Commission should consider in their skate park study. The PARC felt it was of great benefit to tour other facilities to gain insight as the planning and operation of skate parks. Of note was the approximate two-year planning process the City of Cupertino experienced. Some Commissioners expressed a desire to tour the facilities with Youth Commissioners. Mr. Stanley said he would let the PARC know of the dates and times of the tours.

COMMISSIONER CHARLTON MOVED to recommend Council authorize the Youth Commission to proceed with additional research on a skate park and present its recommendations to Council by November 2004. THE MOTION WAS SECONDED BY COMMISSIONER ENG AND PASSED UNANIMOUSLY BY VOICE VOTE.
