AGENDA ITEM # 6

TO: Public Arts Commission

FROM: Jon Maginot, Staff Liaison

SUBJECT: Art for Community Center temporary fence

RECOMMENDATION: Discuss potential art for the temporary fence surrounding the Community Center

BACKGROUND

The Hillview Community Center is in the process of being redeveloped. Temporary construction fencing has been erected around the site.

DISCUSSION

A potential opportunity for temporary public art has arisen. The subcommittee discussing art for the new Community Center briefly discussed the potential for art on the temporary fencing. On September 26, 2019, the Public Arts Commission discussed pursuing options for temporary, interactive murals along the temporary fencing.

On October 24, 2019, the Public Arts Commission selected three murals to be printed. Those murals have been printed, but have not yet been installed.
