

# Club NGN Vs Other Clubs

Club NGN	Other Clubs
<p>Our programs are systematic and well organized based on 3Cs: <b>Corporate visit, Community service, Competition</b></p>	<p>Other clubs are heavily focused on either community services, fund raising or completion. Not balanced</p>
<p>Unique “integrated” entrepreneurship +STEM + POLICY program</p>	<p>Others have either entrepreneurship Or social Impact programs</p>
<p>Opportunity for “any student” to think and act on big ideas and present to corporate executives and investors</p>	<p>A few or almost no clubs are offering such an opportunity</p>
<p>NGN.ORG platform offers volunteerism profile where get your channel ID and showcase causes you care for</p>	<p>No such platform exist where club activities are tied to online activities</p>

## Next Generation Nations (NGN) Mission and Vision

### Mission

Educate and engage the next generation for leadership in solving global challenges

### Moonshot Vision

Empower the next generation to solve problems affecting the progress of societies around the world in next 100 years
